Loveland Living Planet Aquarium

Notice: Hiring Manager

Draper, UT 84004

Dear Hiring Manager,

My name is Abi, and I have a great interest in your position as an Aquarium Educator. I have 10 years of animal handling experience, as well as 8 in care of venomous species. I have focused on specializing in rehabilitation the past 2 years.

I would be an amazing fit for this role, as my knowledge and experience far surpasses a lot of my peers. I have experience as a reptile educator, as I have been asked by multiple schools to come show my rescue reptiles and let them know more about them. I have done over 5 educational sessions on my own.

Even though my expertise is mainly with reptiles, I do have a similarly impressive background with birds, mammals, and aquatics alike.

I look forward to the opportunities I have with this company. Thank you for your time.

Sincerely,

Abigail Fountain
